

What's Happening Wednesday

Kansas Immunization Program

June 1, 2016

VFC Nurse on Call - Nurse on call is Stephanie Lambert at slambert@kdheks.gov The nurse on call next week is Lorraine Baughman at lbaughman@kdheks.gov The nurse can be reached at 785-296-5592.

Chief Chat –

We have great news that may be sad news for some. The 2016 Kansas Immunization Conference has reached capacity and all late registrations are being placed on a wait list. As of the registration deadline on Friday May 27th, we had received over 300 registrations which means that we have reached the capacity of the facility. While it is great news that so many are coming to the conference, we do not want to turn anyone away. We are continuing to work with the Bicentennial Center to see if we can increase our capacity by changing some of the room layouts. If you have not registered yet, but still are interested in attending, please contact the AHEC office at 620-235-4040 and they will let you know if we are able to accommodate you. We look forward to seeing you in Salina June 8th and 9th! We have already begun the search for a larger facility for 2017!

In addition to the information shared last week regarding alternatives to Pentacel if you run out, we want to remind you that there are other combination vaccines manufactured by GSK which are not in short supply. You may contact your GSK vaccine representatives or your Regional Nurse Consultant for assistance or with questions about schedules if you find the need to make this transition.

Time magazine published an article last fall on vaccine safety which provides some very good clarity related to vaccine safety. We have posted the link to the article on our [KDHE Immunization home page](#) for your reference. You can also link directly to it [here](#).

We received the most recent quarterly HPV vaccine ordering information this past week, and it once again demonstrates the great work you are doing vaccinating our Kansas children. The report has changed slightly from previous publications of the report in that it now includes both public and private ordering data. Previous reports have only included public ordering data. The report is attached at the end of this issue of What's Happening Wednesday for your convenience, but is also available for download on our website on the [Special Alerts/Bulletins page](#).

Finally, we want to announce that there will be no *What's Happening Wednesday* published next week (June 8, 2016) as we will be in the middle of the 2016 Kansas Immunization Conference. *What's Happening Wednesday* will return on June 15th!

Phil Griffin, Deputy Director, Bureau of Disease Control and Prevention

Adjusted Vaccine Ordering Schedule – June and July

Due to the KIP Conference in June and the July 4th Holiday we have extended the order deadlines to the following dates:

For the June ordering period orders will be accepted until **June 13th, 2016**

For the July ordering period orders will be accepted until **July 11th, 2016**

VFC Question of the Week–

Q: How can clinics be prepared to offer vaccine services to children during the busy back to school vaccine push?

A: Over the summer, school aged children will be scheduled for well child or immunization only visits with the intent to receive their required school immunizations. Take this opportunity to talk to child/adolescent and parents about the importance of receiving all recommended vaccine not only the required school immunization vaccines. This pertains mostly to children Pre-K, pre-teen and adolescents.

Prepare the clinic staff for the back to school immunizations period this summer by focusing on education for interrupting the ACIP Recommended and Minimum Immunization Schedule 0-18 years. Implementing vaccine standing orders is a best practice for avoiding missed opportunities to vaccinate during a clinic visit.

ACIP Recommended Immunization Schedules found here:

<http://www.cdc.gov/vaccines/schedules/hcp/child-adolescent.html>

Vaccine Standing Order templates found here:

<http://www.immunize.org/standing-orders/>

DID YOU KNOW

Did you know that Kansas School Immunization Requirement Memo is posted on the KIP website?

<http://www.kdheks.gov/immunize/schoolInfo.htm>

Register now for the 2016 CDC webinar series on "The Pink Book"

IT'S NOT TOO LATE TO REGISTER!-CDC is presenting a 15-part webinar series to provide a chapter-by-chapter overview of the 13th edition of *Epidemiology and Prevention of Vaccine-Preventable Diseases* (also known as "The Pink Book"). This is a live series of one-hour webinars that started June 1. Recordings of sessions will be available online after each webinar. All sessions begin at 11:00 a.m. (CT). Information about receiving continuing education credit will be available soon.

Registration and more information is available [on CDC's Pink Book Webinar Series web page](#).

Vaccine-Preventable Disease Outbreaks

Pertussis – LEAVENWORTH COUNTY: The outbreak was declared over on May 25, 2016. Eight cases were identified and linked to the outbreak.

For updated case counts of infectious diseases reportable to Infectious Disease Epidemiology and Response, please visit please visit the KDHE webpage at http://www.kdheks.gov/epi/case_reports_by_county.htm. Please note these numbers are preliminary and are subject to change based on case review. For any questions about reporting or for technical assistance please call the KDHE epidemiology hotline at 877-427-7317.

Chelsea Raybern, MPH, Advanced Epidemiologist Bureau of Epidemiology and Public Health Informatics

2015-2016 PEDIATRIC SEASONAL FLU CHART - **UPDATED 5/31/16**

Manufacturer	Brand	NDC	Age	Presentation	VFC Available	CHIP Available

KSWEBIZ Trainings

Aggregate Inventory Training—**Mondays at 1 p.m., First Friday at 10:30 a.m.**

The Aggregate Inventory Training occurs the first Friday of every month from 10:30 -11:30 a.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ for Aggregate Users. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Aggregate Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/6598705111102500354>

Register now for the date that works best for you!

Direct Entry Inventory Training— **Tuesdays at 1 p.m., First Friday at 12 p.m.**

The Direct Entry Inventory Training occurs the first Friday of every month from 12 -1 p.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Direct Entry Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/4121654947304535298>

Register now for the date that works best for you!

New User Training— **Thursdays at 2 p.m., Second Friday at 12 p.m.**

The New User Training occurs the second Friday of every month from 12 -1 p.m. This basic training is for new KSWebIZ users, or people who would like a simplified refresher training on how to use KSWebIZ. We will be going over log-in, adding history, administering vaccinations, printing consents and pink cards. If you are a new user, have a new token, or recently had a token transferred to you please take the time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/1572841858584797442>

School Module Training- **Third Friday at 12 p.m.**

The School Module Training occurs the third Friday of every month from 9 - 10 a.m. This basic training is for new KSWebIZ school module users, or people who would like a simplified refresher training. **Please note:** this call is for KSWebIZ School Module Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/8422671756415350273>

Register now for the date that works best for you!

Reports Training- **Fourth Friday at 12 p.m.**

The Reports Training occurs the fourth Friday of every month from 12 - 1 p.m. This training is for KSWebIZ users who are wanting to learn more about the KSWebIZ Reports. We will be going over the various reporting sections and how to generate reports within these sections. We hope you have time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/568840407867357186>

NOTE: There have been additional trainings scheduled during the week for New User Training, Direct Inventory Training and Aggregate Inventory Training. The new times can be found above and when you register and select a specific training time. If these times do not work with your schedule or you have additional training needs please reach out to the IIS trainer msims@kdhhs.gov or 785-296-0687

Vaccine Information Statements–

Anthrax	3/10/10	MMR	4/20/12
Chickenpox	3/13/08	Tdap	2/24/15
DTaP/DT/DTP	5/17/07	MMRV	5/21/10
Hepatitis A	10/25/11	Multi-vaccine	11/05/15
Hepatitis B	2/02/12	PCV 13	11/05/15
Hib	4/2/15	PPSV	4/24/15
HPV9	3/31/16	Polio	11/8/11

MCV4/MPSV4	3/31/16	Typhoid	5/29/12
MenB	8/14/15	Yellow fever	3/30/11

Vaccine Redistribution

Please email any additions or changes to be made on the Vaccine Redistribution lists with subject matter "Redistribution" to vaccine@kdheks.gov or call toll free at 1-877-296-0464
http://www.kdheks.gov/immunize/vaccine_redistribution.htm

REMINDERS: Providers may place the excess doses on the KIP Redistribution list if:

- 1) The vaccine has a minimum of 90 days and a maximum of 365 days before the vaccine's expiration date;
- 2) The ordering provider is responsible for any doses which expire on the redistribution list that have not been accepted for transfer to another VFC provider;
- 3) Providers accepting vaccine from the redistribution list are responsible for using the doses once they are transferred. KIP encourages providers to accept only doses they can administer before the expiration date;
- 4) The transferring and receiving provider will document these doses on their monthly MIR/reconciliation reports as transferred vaccines.
- 5) Once vaccine is transferred please contact KIP to let us know so we can adjust the redistribution list by either deleting the line or by reducing the amount of doses.
- 6) All vaccines must be in full boxes
- 7) The KIP nurse consultant who is on call must be contacted prior to transferring vaccine
- 8) Providers are responsible for keeping KIP notified if there is a change in amount of doses available for redistribution.
- 9) When placing an order, you may be contacted if the vaccine you are trying to order is on the redistribution list.
- 10) Varicella and Proquad, will not be posted on the VFC or Private Vaccine Redistribution List. Frozen Varivax vaccines are very intolerant to out of range temperatures. To prevent potential vaccine waste the Kansas immunization Program requests that Varivax containing vaccines not be transferred to other providers. Questions regarding transporting vaccine call 877-296-0464 to request assistance.
